Apparently Sierra County Fire Protection District #1 does not believe in the sentiment shared by the rest of Sierra County's VFD's. Why is that?

Several Calpine residents have recently been refused ANY chance to help protect our community 😞.

"There's always something you can do for your family, friends and community"!!

It seems as though the SCFPD#1 doesn't think that's a true statement.....

Why can't any resident of Sierraville, Sattley, and Calpine do their part to help their VFD?
