Re: Loyalton Transfer Station

The undersigned proposes the following work of improvement at the above location in accordance with the plans and specifications provided by **Sierra County per Bryan Davey adjustments, dated June 13, 2019** and by reference incorporated herewith:

Form, pour, place and finish concrete flatwork per plan as follows;

1. Concrete flatwork approximately 1548 sq ft X 9"
2. Rebar #9 set at 22" OC
3. Concrete is bid with a 4,000 psi mix
4. Any concrete used more than **48 CY** will be an additional charge
5. Owner will provide designated wash out area for concrete mixer and pump, cleanup and removal of concrete debris, trash bin, hubs, surveying, radius points, elevations and guineas, accessibility to job site, snow removal and portable toilet facility, if we provide a facility it will be an additional charge of \$150.00 per week
6. **Does not include excavation, grading, compaction, fill materials, cold weather concrete procedures, electrical power, concrete testing, special inspections, water proofing, vapor barrier, permits or fences, as needed.**
7. Adjustments made by Sierra County or others may result in additional cost to the owners.

The above work is to be completed in a substantial and workmanlike manner according to standard practices on or before (Not Applicable) save and except for any delays caused by strikes, Acts of God, adverse weather, or other unforeseen happenstance over which the contractor has no control, for the sum of **\$43,394.40** which is due and payable upon completion of our portion of the job.

If adverse weather conditions hinder the accessibility to the job site, Crete Craft Concrete Construction will notify the contractor and/or owner who will make site accessible.
