In light of the circumstances in which the state, country, and world finds itself in, this document is to clarify the status of county owned or operated facilities. As all counties in California are subdivisions of the state created to provide state mandated services, we will continue to comply with the governor's directives in consultation with the county health officer.

We expect some county facilities to open sooner than other, but in order to provide for a continuity of essential public services countywide, the county courthouse and all other county offices will remain closed to the public so that services can continue uninterrupted via alternative methods, whether they be by telephone, mail, email, video conferencing, and the like.

While other businesses can open or close at the choice of the owner, most government services are essential for any number of reasons, and the safety of our limited public workforce and to protect the community at large suggests that a continuation of distancing service continue

We appreciate the support and understanding of all during this unprecedented times and want for Sierra County to be able to provide any necessary service that the public requires. Should you have any questions, please don't hesitate to contact any of us at any time.

Sierra Superior Court appreciates the efforts of the Sierra County Board of Supervisors and county team in addressing COVID-19 concerns for litigants and citizens in Sierra County. The Court shares the concerns of Supervisor Adams and supports the ongoing closure of the county building which houses the courtroom, judicial chambers and the clerk's office until such time as ongoing issues related to reopening can be addressed in a satisfactory manner to all concerned. Engaging in an ongoing dialogue is welcomed.

It has become apparent that people's interpretations differ concerning the expectations set forth in the May 1, 2020, Order of the County Health Officer Requiring Facial Coverings, issued by Sierra County Public Health Officer, Celia Sutton-Pado, M.D. Sooner than later, issues common to the Court and the County need to be addressed. Chief among these are the following:

- * The appropriate trained and equipped security personnel to assure prompt and effective enforcement of Dr. Sutton-Pado's order of May 1, 2020, concerning the use of face coverings
- * Courthouse access security and protocol to follow in identifying potential COVID-19 exposure risks and precluding entrance of such risks from entry into the courthouse premises
- * Disinfecting protocol and properly-equipped personnel to accomplish disinfecting activities at all appropriate times and places upon the courthouse premises
- * Such other and further concerns as may arise in due course as the courthouse is reopened to the public

The Court thanks the Board of Supervisors for being together with the Court and staying in front of these issues. These are certainly unprecedented times. The leadership and hard work are greatly appreciated.

Subject: Board item

Good afternoon:

During today's EOC call, there was discussion about when or how the courthouse should reopen as things begin to relax a bit. I am of the firm opinion that in order to protect the continuity of government services, the courthouse as well as all other county offices should remain locked for the safety of all our employees. There is no reason to risk any exposure while we can provide the same services via many alternative ways.

We do understand that the court may need to hold public sessions from time to time, but other county offices would remain shut. This will go to the board for review next week. Any comments, suggestions, edits are appreciated.

RE: Counties | Realignment

Dear Governor Newsom, Pro Tem Atkins, and Speaker Rendon:

Counties greatly appreciate the partnership with the Administration and the Legislature that has been strengthened as we work together to respond to the COVID-19 pandemic. California’s counties are on the front lines of fighting the COVID-19 public health crisis, working tirelessly to protect the health of all Californians. Counties are also leading the way in providing services to those most in need during this crisis by administering critical human services, behavioral health, health and public safety programs on behalf of the state. However, the state’s safety net system as delivered by counties is under immense strain and, coupled with the public health crisis and steep economic recession, we are compelled to notify you that realigned services, including public health, public safety, social services, and behavioral health services are at extreme risk.

In order to avoid extreme cuts to these programs at the time they are needed the most, we are asking the Legislature and the Governor to stabilize Realignment funding by backfilling for lost base revenue in both the current and budget years. This request will help save the state’s core safety net programs and local public safety services, as well as help Californians recover medically, mentally, and economically in these uncertain times. The updated revenue projections in the May Revision were stark, indicating significant declines in 1991 Realignment and 2011 Realignment revenue in the current year and out years.

In the current year alone, combined 1991 Realignment and 2011 Realignment revenues will fall \$1.7 billion short of achieving the base funding level. While the Department of Finance projections indicate that Realignment revenues may stabilize in 2020-21, the current year loss of revenue means that Realignment funding in 2020-21 will again drop \$1.7 billion lower than revenues in 2018-19. Taken together, this represents a \$3.3 billion reduction over two years. When Realignment was designed, no one – not the state, nor the counties — ever anticipated such steep declines in revenues for entitlement and other critical programs that counties administer on behalf of the state.

We have provided an outline of these figures using the revenues actually received by counties in 2018-19 below. ***Please note that they do not yet encompass the possible impacts of the state sales tax “layaway” program, but alone show that the vital revenues counties are required to rely on to provide essential services on the state’s behalf have been decimated.***

1991 Realignment (dollars in millions)					
	2019-20 Base	2019-20 at May Revision	2019-20 Cut	2020-21 at May Revision	2020-21 Cut
CalWORKSs MOE	\$ 1,120.6	\$ 994.8	\$ (125.8)	\$ 994.8	\$ (125.8)
Health/Family Support	\$ 1,667.3	\$ 1,514.4	\$ (152.9)	\$ 1,514.4	\$ (152.9)
Social Services	\$ 2,548.5	\$ 2,230.8	\$ (317.7)	\$ 2,230.8	\$ (317.7)
Mental Health	\$ 129.5	\$ -	\$ (129.5)	\$ -	\$ (129.5)
Child Poverty	\$ 398.7	\$ 362.3	\$ (36.4)	\$ 362.3	\$ (36.4)
Total	\$ 5,864.5	\$ 5,102.3	\$ (762.2)	\$ 5,102.3	\$ (762.2)

Note: Figures combine Sales Tax and VLF.

2011 Realignment (dollars in millions)					
	2019-20 Base	2019-20 at May Revision	2019-20 Cut	2020-21 at May Revision	2020-21 Cut
Law Enforcement Services	\$2,633.8	\$ 2,297.9	\$ (335.9)	\$ 2,327.0	\$ (306.8)
Mental Health	\$1,120.6	\$ 1,120.6	\$ -	\$ 1,120.6	\$ -
Protective Services and Behavioral Health	\$3,885.6	\$ 3,277.1	\$ (608.5)	\$ 3,330.8	\$ (554.8)
Total	\$7,640.0	\$ 6,695.6	\$ (944.4)	\$ 6,778.4	\$ (861.6)

Note: Figures combine Sales Tax and VLF.

While counties are grateful for the May Revision directive to allocate \$1.3 billion from the CARES Act Coronavirus Relief Fund to all 58 counties, this short-term, one-time funding will only partially assist counties in meeting urgent COVID-19 related costs, including local coordination and response, medical and protective supplies, new options for protecting homeless individuals, and a small portion of additional staff costs related to the pandemic response. Also, federal law for CARES Act funding requires the dollars to be used only for new expenses incurred as a direct result of the pandemic, and prohibits the usage of the funds to replace lost revenues or cover any expenditure that was included in the most recently approved budget. This means that CARES Act funding, while immediately helpful and appreciated, is intended and needed to address COVID-19 specific extraordinary costs. CARES Act funds will not fully cover county COVID-19 costs and cannot be used to sustain basic safety net services funded by Realignment. Hence our request to assist with backfilling Realignment revenues to avoid the impending decimation of safety net services in our communities.

A central premise of 1991 and 2011 Realignment is while revenues may go up or down in a given year, these dedicated funds are sufficient for counties to administer these programs over time on behalf of the state. Like the state and nation, California’s counties are reeling from the unprecedented speed and severity of this economic decline, an event that was not anticipated when both Realignment structures

were constructed. And while counties are fully engaged in strongly advocating for more federal assistance during this pandemic, additional funding for state programs administered by counties is unequivocally necessary.

It is also important to note that even before the pandemic, both 1991 and 2011 Realignments were failing to keep up with federal requirements for entitlement programs, increasing demand for behavioral health services and serving vulnerable populations such as those living without shelter, vulnerable older adults, non-minor dependents, and children who have experienced trauma. For county public health, 1991 Realignment revenues in 2018-19 were still \$100 million below the 2009 funding levels. Further reductions in public health funding will risk forfeiture of grant funding and loss of critical staff across public health programs who support surge efforts in response to this pandemic and other public health threats. For behavioral health, concurrent declines in Mental Health Services Act revenue exacerbate the realignment shortfalls. Child welfare services, a federally mandated program that imbues the state and counties with a unique obligation and legal responsibility for the state's most vulnerable children, will have to be cut due to entitlements and maintenance of effort (MOE) obligations in other programs. Finally, counties will be unable to maintain compliance with federal and state regulations and requirements across all programs with this scale of funding reduction –leaving the state and counties vulnerable to legal actions.

We applaud Governor Newsom for centering the May Revision Budget Proposal on assisting Californians most hurt by the pandemic. We know lawmakers also recognize the critical importance of counties and the programs we administer on your behalf, and we thank both houses of the Legislature for their ongoing support. We must continue to work together to preserve 1991 and 2011 Realignment-funded programs and avoid massive cuts or service disruptions to the very services our residents need the most during this statewide public health emergency and economic downturn.

Counties and our organizations are committed to working with your Administration and the Legislature to achieve meaningful solutions to save the safety net and public safety programs on which Californians depend in their time of need. We are hopeful that the state, the overall tax base, and, most importantly, our resilient residents will recover from these unprecedented times by 2021-22. In the meantime, counties commit to working with you on solutions to provide stability for our public health, human services, behavioral health, and public safety programs and the children, families, and seniors who rely on them.

19 May 2020

The Honorable Gavin Newsom Governor
State of California
State Capitol Building, 1st Floor
Sacramento, CA 95814

Subject: Stabilization of 1991 & 2011 Realignment funding

Dear Governor Newsom:

On behalf of Sierra County, this letter is to voice our support of the letter of May 18, 2020 co-signed by the California State Association of Counties (CSAC), Rural County Representatives of California (RCRC), California State Sheriffs' Association (CSSA), and eight other county affiliate organizations with respect to 1991 and 2011 Realignment funding.

Sierra County's financial standing is limited under the best of times, and the impact of COVID-19 issues has severely impacted nearly every revenue source within the county. As a county with a large seasonal tourism industry, we continue to monitor and attempt to understand its closure to the overall impact of Sierra County finances.

We appreciate your leadership in keeping Californians safe and appreciate your consideration of this multi association letter.

Sincerely,

SIERRA COUNTY
BOARD OF SUPERVISORS
