REDISTRICTING 2021: SHAPING SIERRA COUNTY'S FUTURE

Public Hearing #1: Introduction into Redistricting Process

MARGARET LONG

CAROLYN WALKER

WHAT IS REDISTRICTING?

- Every 10 years, public agencies with officers elected from geographical districts must “redraw” the district boundaries based upon the U.S. Census data from the Federal government.
- This process requires review of the most recent Census population data and, if necessary, adjustment of the district boundaries to keep them as equal in population as possible, but also allowing for adjustments based on geography, topography, communities of interest, etc., as required under federal and California law.

THE SIERRA COUNTY BOARD OF SUPERVISORS NEEDS TO HEAR FROM YOU!

- Redistricting determines which neighborhoods and communities are grouped together into a District for purposes of electing a Board of Supervisor Member.
- The Board of Supervisors will seek YOUR input in selecting the next district map for our Supervisorial Districts.
- You have an opportunity to share with the Board of Supervisors how you think District boundaries should be drawn to best represent your community.
- Translation into Spanish is also available if requested 72 hours before the meeting.
- You can contact the Clerk-Recorder at clerk-recorder@sierracounty.ca or <https://www.sierracounty.ca.gov/635/2020-Census> to submit inquiries, request translation, or submit maps & input for the redistricting process.

WHAT SHOULD WE CONSIDER WHEN REDRAWING DISTRICT BOUNDARIES FOR SIERRA COUNTY?

→ **AB 849:** “The Board shall adopt supervisorial district boundaries using the following criteria as set forth in the following order of priority:”

- Geographically contiguous districts (each supervisorial district should share a common border with the next);
- The geographic integrity of local neighborhoods or communities shall be respected in a manner that minimizes its division;
- Geographic integrity of a city shall be respected in a manner that minimizes its division;
- Easily identifiable boundaries that follow natural or artificial barriers (rivers, streets, highways, rail lines, etc.); and
- Lines shall be drawn to encourage geographic compactness.
- Boundaries **WILL NOT** be drawn for purposes of favoring or discriminating against a political party.

COMMUNITIES OF INTEREST

- **What is a community of interest?**

The California Constitution defines a **community of interest** as:

A community of interest is a contiguous population which shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation.

Examples of such shared interests are those common to an urban area, a rural area, an industrial area, or an agricultural area, and those common to areas in which the people share similar living standards, use the same transportation facilities, have similar work opportunities, or have access to the same media of communication relevant to the election process. Communities of interest shall not include relationships with political parties, incumbents, or political candidates.

Section 2(d)(4) of Article XXI of the California Constitution <https://wedrawthelines.ca.gov/faq/>
